Date of Occurrence: 03/13/2025

What Happened: URGENT CRIMINAL COMPLAINT – USPS OBSTRUCTING FEDERAL MAIL & DESTROYING RECORDS I am reporting deliberate, systemic mail obstruction, tampering, and falsification of tracking records involving multiple federal agencies and courts. Every package sent to Washington, D.C. and the Ninth Circuit Court of Appeals was falsely marked as "business closed" or is still stuck as in queue with an 'accepted' status as when I mailed them on March 8, 2025....today is March 13, 2025..... The business marked as closed, were really OPEN!! Non-D.C. packages were delivered as normal, proving targeted interference. This obstructs legal filings, due process, and government oversight. USPS has erased my prior complaint, constituting destruction of government records (18 U.S.C. § 1519). This is a criminal violation of 18 U.S.C. § 1701 (Obstruction of Mail) and potential Mail Fraud (18 U.S.C. § 1341). I demand an immediate investigation and a written confirmation of receipt. The perpetrators in these crimes must be prosecuted to the fullest extent of the law. This is coordinated, not accidental. Immediate federal intervention is required.

My complaint is about a: Unknown

Do you know who committed the crime or misconduct? No

Other Info:

Anyone else involved? Yes

Please list the name(s) of the other people and how you believe they were involved: USPS personnel, unknown internal officials, and any parties responsible for flagging or obstructing deliveries. All blocked mail was directed to Washington, D.C. (White House, DOJ, FBI, Oversight & Accountability Office, Ninth Circuit Court, and other federal agencies). Internal USPS records may reveal who flagged, delayed, or falsified tracking records. Obstruction appears deliberate.
